2. Functional Role Segregation & Approval Boundaries

The system enforces Four-Eyes Principle (Maker-Checker governance) across Supply Chain, Finance, Invoicing, and Quality Compliance. Below are the audited permission boundaries:

Domain / Operational Flow	Maker / Drafter (NO Approval)	Authorized Approver (Checker)	Security & Audit Enforcement
Supply Chain & Goods Receiving (GRN)	**Storekeeper** (Kumara Wickramasinghe) • inventory.grn.create • inventory.grn.view • inventory.grn.update	**Warehouse Manager** (Niroshan Perera) • inventory.grn.approve • inventory.stock_transfer.approve • inventory.stock_adjustment.approve	Storekeeper creates draft receipts from supplier shipments. Stock ledger and on-hand balances are NOT updated until Warehouse Manager approves the GRN.
Sales Invoicing & Customer Credit	**Billing Specialist** (Anura Gunaratne) • invoice_center.sales_invoice.create • invoice_center.customer_receipt.create	**Sales Director** (Priyantha De Silva) • invoice_center.sales_order.approve • invoice_center.credit_note.approve	Billing officer can issue invoices and post receipts. Unapproved credit limit overrides and credit notes require Sales Director digital approval.
NMRA Regulatory & Quarantine	**QC Pharmacist** (Dr. Sanduni Fernando) • compliance.batch_hold.create • compliance.expiry_disposal.create	**QA Director** (Dharshani Samarasekara) • compliance.batch_recall.approve • compliance.batch_hold.approve • compliance.expiry_disposal.approve	QC pharmacist records laboratory assay failures and drafts quarantine requests. Only QA Director can issue official NMRA batch recall notices and disposal orders.
Financial Ledgers & Fiscal Periods	**Senior Accountant** (Chaminda Bandara) • finance.journal.create • finance.payment.create • finance.bank_reconciliation.create	**Finance Director / CFO** (Ruwani Jayawardena) • finance.journal.approve • finance.accounting_period.close • finance.financial_year.close	Accountant drafts journal vouchers and reconciles bank statements. Period lock, financial year close, and journal postings require CFO approval.
Enterprise Audit & Compliance Surveillance	**Chief Internal Auditor** (Malik Senanayake) • All *.view permissions • All *.report.* permissions	**Strictly Read-Only Isolation** • 0 Create Permissions • 0 Update Permissions • 0 Approval Permissions	Full visibility across General Ledger, Stock Balances, NMRA Logs, and System Audit Logs without any ability to modify data or compromise audit integrity.

3. Profile Images & Avatars Integration

Each user persona is equipped with a distinct professional headshot avatar URL. The frontend top navigation bar and user profile dropdown dynamically render these images with initials fallback.
